

Fig 1. Impedance

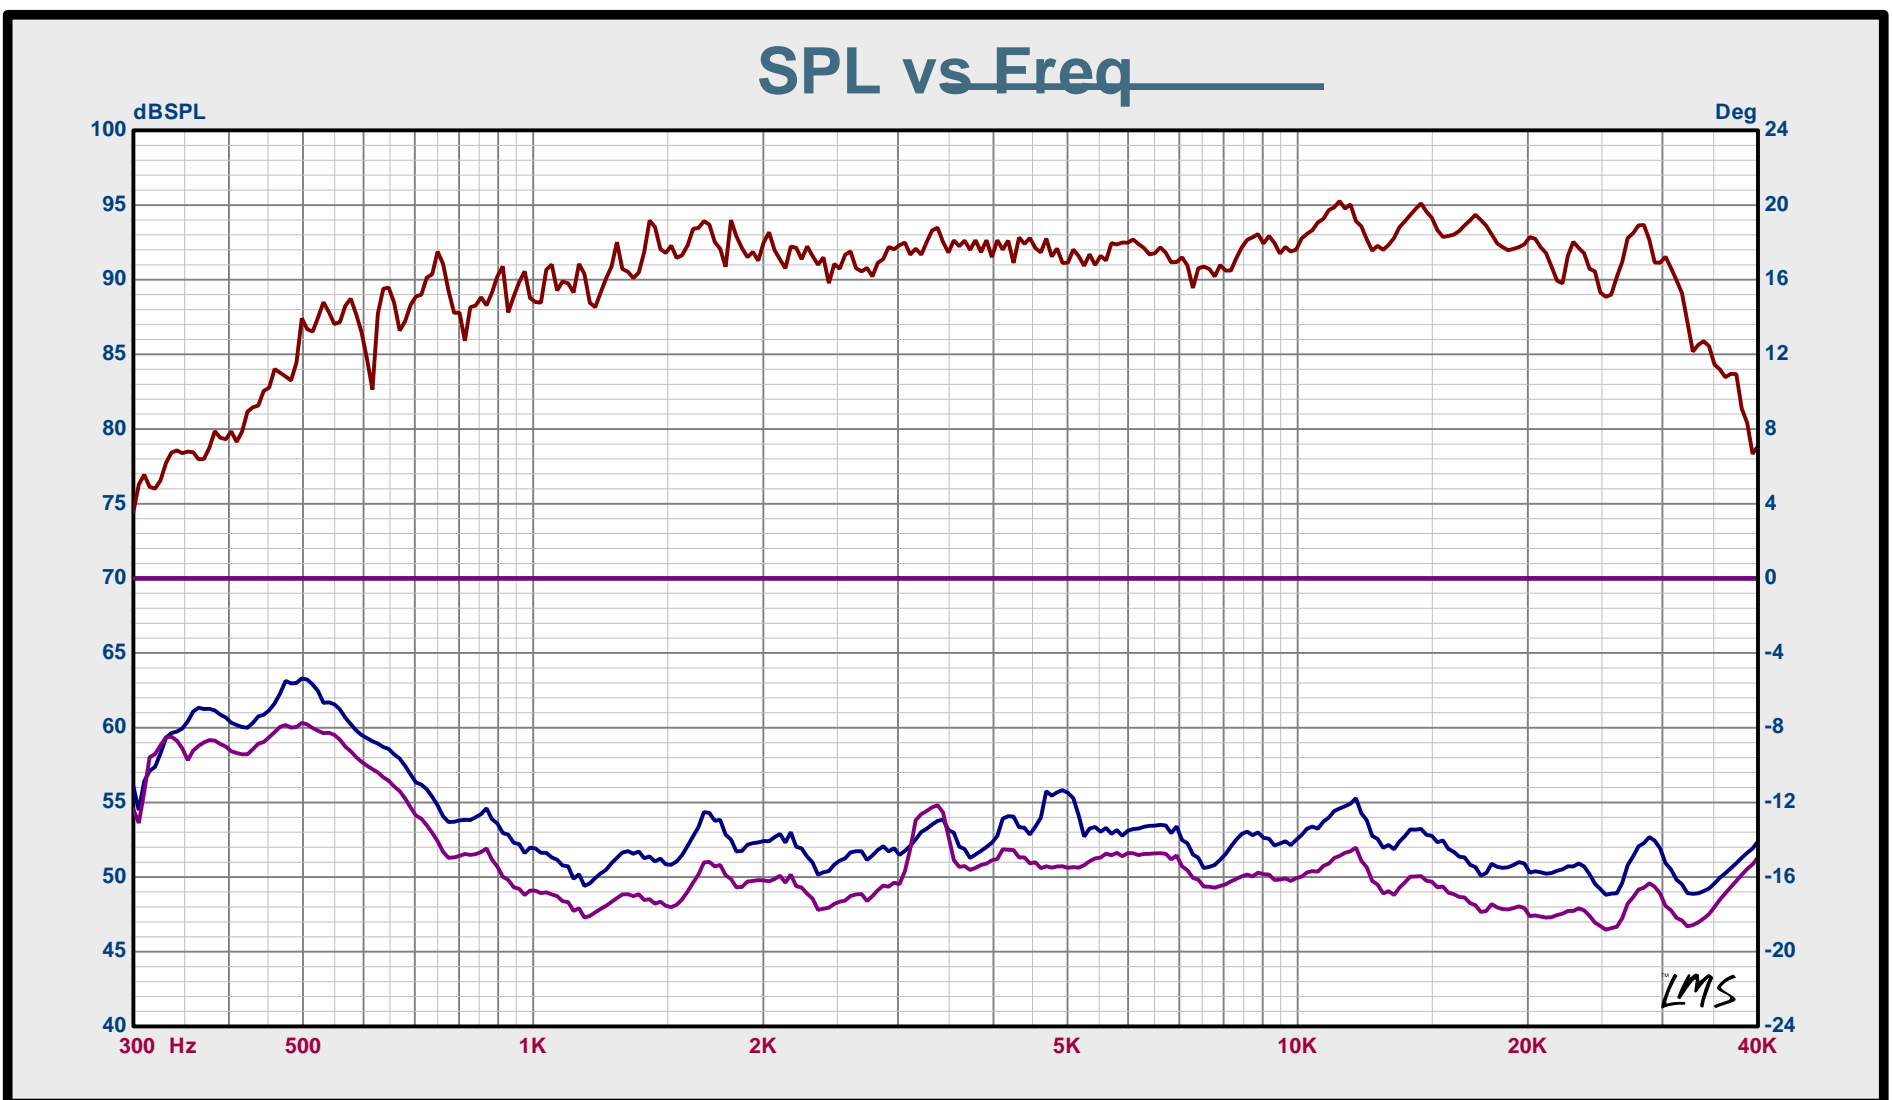

Fig 2. SPL(Red, 1m*1w) Curve

TIPS: The blue and pink curves below are H2(blue) and H3(pink) curve required via the combination of LPF AND HPF functions supported in LMS. These curves are only for reference purpose only because our LMS system doesn't offer HARMONIC function directly. So we also put SoundCheck HARMONIC curves on our website.

SPL vs Freq
